## PU Braided Hose

### Product Characteristic:

- Hose the excellent pliability and the chemical properties.
- Good anti-knocking property.
- The nature is light.
- The pressure loss is minimum.
- Degree of hardness is constant.
- Working pressure is single-layer PU tube's 1.8 times.
- The service life is above single-layer PU-tube's two times.
- Non-toxic, tasteless.
- Custom-made color is doable, easy pipeline recognition.
- Conform to the ROHS environmental protection requirement.

### Product Use:

- Industry robot, pneumatic tool, assembly plant air pressure tool.
- The duct with pressure.
- Transport water and other liquid.
- Vehicles service and house painting.

### Specifications:

Material: Polyurethane, Polyester line.

Fluid: air, water, other liquid

Operating Temp: -20°C——+70°C
